Cost To Educate a Student

The average cost to educate a student in 2022-2023 was estimated to be over \$6,700. The difference between this cost and tuition charged is made up through direct parish subsidy of approximately \$426,000 (\$1,100 per student), school fundraisers, endowment distribution and other unrestricted donations from foundations, matching gifts, and employee giving programs.

Through your support of our fundraising efforts, such as the Golf Outing, 5K race and the Gala, another \$400 per student helps bridge the gap between tuition and the real cost of educating your students.
