### Cost to Educate a Student

The average cost to educate a student in 2023-2024 was estimated to be over \$7,000. The difference between this cost and tuition charged is made up through direct parish subsidy of approximately \$420,000 (\$1,400 per student), school fundraisers, and endowment distribution; as well as other unrestricted donations from foundations, matching gifts, and employee giving programs. Your support of our fundraising efforts, such as the Golf Outing, 5k Race, and the Gala helps bridge the gap between tuition and the real cost of educating your students.
